

Polyester PU Trachea

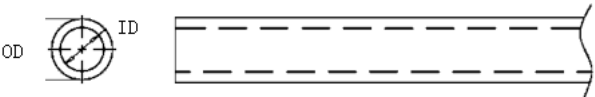

Polyester PU Trachea

- Material: made of polyurethane (PU) material
- Working pressure range: 0-9kgf/cm²
- Operating temperature range: -20~70°C
- Universal joints: pipe joints, plastic steel joints, lock pipe copper joints, lock pipe quick joints
- Product Features
1. Made of polyurethane raw materials, wear-resistant, flexible, and have a small bending radius
 2. Hardness range: 80A-98A
 3. Color types: red, blue, black, transparent
 4. The larger the pipe diameter, the lower the working pressure
 5. As the temperature rises or falls, the pressure resistance will gradually decrease; the lower the temperature, the pipe will become harder and fragile, and the pressure resistance will gradually decrease.

Polyester PU Trachea

Specification

Item No.	OD	ID	colour	unit	Length/m
PU0425	4	2.5	Red, blue, black, Transparent	volume	160 米、180 米、200 米
PU0604	6	4	Red, blue, black, Transparent	volume	160 米、180 米、200 米
PU0805	8	5	Red, blue, black, Transparent	volume	80 米、90 米、100 米
PU1065	10	6.5	Red, blue, black, Transparent	volume	80 米、90 米、100 米
PU1208	12	8	Red, blue, black, Transparent	volume	80 米、90 米、100 米
PU1410	14	10	Red, blue, black, Transparent	volume	80 米、90 米、100 米
PU1612	16	12	Red, blue, black, Transparent	volume	80 米、90 米、100 米

超A级进口原料

拒绝回料！看的见的塑料纯料

全新纯料气管优点

拒绝偷工减料，拒绝回料管，给客户实实在在的好管体验！
Refuse to cut corners, refuse reture tube, give customers real good tube experience!

管壁厚实，耐磨耐压
不易爆管！

色彩鲜艳，透明度高，
圆心度高！

进口原料，回弹性好，
使用寿命长！
